PEARED TOGETHER

Peared Together

Weekends full of wonderful food and delightful company are bound to inspire. A house on Lake Rotorua in New Zealand's North Island became an idyllic spot for quality time with our distributors, as we brainstormed new ideas for Raine & Humble.

On this trip, one of the group's avid foodies, Sarah-Jane, showed us how to make her amazing pear tarte tatin. Capturing this warm memory, our collection features images of the very pears we gathered that day - in all their varied shapes, shades and perfect imperfections.

Raine & Humble's Peared Together Range is about friendship, sharing recipes and entertaining in our homes. We look forward to seeing it become part of many more homemade moments in years to come.

RIPE, RUSTIC, TOGETHERNESS

During photoshoots in the Raine & Humble kitchen, Milo is never far away. With an abundance of stray crumbs and tasty treats to encourage extra cuteness - these are the best days for a naughty chocolate lab.
